WANT TO EXCLUDE FOREIGN WORKMEN

American Federation of Labor Would Bar Chinese.

DECLARES AGAINST CHILD LABOR

The Pittsburg Meeting of the American Federation of Labor Drawing to a Close—Many Resolutions Are Presented and Passed by that Body.

Pittsburg, Nov. 23.—An effort is being made by the delegates to the convention of the American Federation of Labor to complete the work of the convention by tomorrow evening, but there are yet many questions to be considered and final adjournment may not come until the end of the week.

President Gompers' report was again before the convention at this morning's session and the following resolutions were unanimously adopted:

"Recommending the exclusion of Chinese, Japanese and Korean labor in this country and its possessions; prohibiting the employment of child labor; instructing the executive council to select one labor organization against which an injunction has been granted, employ competent talent and carry the case to the United States supreme court to test the constitutionality of the injunction laws now in force; pledging support to the striking printers and recommending the calling of a meeting of the International Woman's Labor League to adjust differences said to exist in that beneficial auxiliary of the federation." Under a special order of business the grievance committee's report on the dispute of the Brewery Workers' union against the engineers and firemen which was under consideration yesterday, was again taken up.

NEW WITNESS IN BOSTON CASE.

Police Find Nurse Who Waited Upon Susanna Geary in Hospital.

Boston, Nov. 23—A new and important witness who will appear against the three men under indictment in connection with the death of Susanna Geary, the suit case victim, has been found, the police say, in Miss Sarah Elizabeth Griffith, a nurse who, it is alleged, attended the Geary girl while the latter was dying.

This nurse has made statements to the police which the authorities claim will be of material assistance to the prosecution in the trial of the cases against Dr. Percy McLeod, William Hunt and Lewis Crawford, the accused men.

The police say that Miss Griffith has satisfied them that she is in no way criminally liable in the case, having been called in as nurse after a second operation had been performed.

Valuable Shipment of Horses.

Sacramento, Calif., Nov. 23.—Four special trains operating on passenger schedules are carrying to New York the shipment of horses from the Rancho del Paso. John Mackay, superintendent of the Haggin ranch, accompanied by General Agent W. H. Sheddan, the Illinois Central railroad, traveled in the last car of the fourth special. The shipment, it is understood, is valued at a million dollars and is insured for practically that amount. The cost of transportation of four hundred horses to New York is about $60,000. There will be a foreman for each train and two grooms to each car.

Eight Hour Agreement Reached.

New York, Nov. 23.—Eight hours are to constitute a day's work in the diamond cutting and polishing industry hereafter, according to an agreement reached yesterday by committees representing the Diamond Workers' Protective Union of America, and the Diamond Manufacturers' association. The employes in this city are less than 40. They worked ten hours a day until Jan. 1, last, when they insisted on a reduction to nine. The question of wages for the coming year is also being considered. The men now average, it is said, more than $40 weekly.

WOMAN'S WILL WAS STOLEN.

Daughter of Mrs Margaret Todd Gives Out Interesting Statement.

New York, Nov. 23.—Mrs. Rosalie Tousey, only surviving child of Mrs. Margaret Todd, who was killed under suspicious circumstances in Philadelphia recently, arrived from Europe last night. To the reporters who called to see her she said:

"The last time I saw my mother was on June 5, 1905, when I was leaving for Europe. She then said to me in a general way that she had made a new will about 18 months before. She made no reference to the will which was filed by Ingersoll to Lockwood, apparently in 1902, nor to $100,000, which amount she had in trust for her.

"I never heard her say she wanted Mr. Lockwood appointed custodian of her possessions. Her only reference to him then, in fact, was in saying that she was through with him for good and had his receipt for payment on his services in full. In answer to a question as to what she would do to defeat Lockwood's claim after trustee, Mrs. Tousey replied that she would leave it to her attorneys to investigate Lockwood's conduct and push her legal rights to the limit."

"While in Europe," she added, "I received letters from my mother which complained that a will and certain other papers had been stolen from the desk in her music room."

CARGO SPOILS FOOD AND WATER

Fumes of Redwood Cause Awful Suffering of Schooner's Crew.

New York, Nov. 23.—A cargo of redwood, the fumes of which tainted the food and spoiled the water, was responsible for a terrible adventure which befell the German bark Werra in the South Atlantic ocean and which was reported yesterday by the officers of the steamer Koreanna.

The steamer is in port here from Calcutta. While in mid-ocean the Koreanna sighted the bark becalmed and flying a distress signal for provisions.

Four sailors in a boat put out from the bark for the Koreanna and those on board the steamer were shocked to see that the four oarsmen reeled in their seats from exhaustion. The condition of those remaining on the bark was found to be even more pitiful.

It was explained that a cargo of redwood obtained in South America while heavy with sap had tainted both food and water with its fumes. For six weeks previous to the Koreanna's appearance, the 22 men on the bark had drunk rain water and eaten salt pork. Every man of the crew was ill.

Army Surgeon Makes Report.

Washington, Nov. 23.—John R. Hoff, medical department, United States army, who recently returned from the Russian army in Manchuria with which he went through part of the campaign in the war against Japan, has been authorized to the chief of staff to give out excerpts of his official report. According to Colonel Hoff the number of killed and dead of wounds was 27,6 men, and the number of men dead from isease 8,830. These statistics are exclusive of casualties at Port Arthur and show almost exactly two men dead from results of battle to one man dead from sickness. This record is, according to statistics, the best made in any war up to the present time.

$2,000,000 for the Orient.

San Francisco, Nov. 23.—Nearly two million dollars in money will be taken out for the Orient by the Pacific mail liner China, sailing on Saturday next. Three-fourths of this, consisting of 50 tons of Mexican dollars valued at $1,500,000, as already aboard the China and under a strong guard. Such a big shipment of coin has never been sent in a liner for many months. Most of this silver is consigned to Shanghai. The China is also to take a full cargo of freight and many passengers.

Officer Charged with Forgery.

Manila, Nov. 23.—Lieutenant Hugh Kirkman of the Eighth cavalry has been arrested at Fort McKinley, on the charge of forgery. It is alleged that Lieutenant Kirkman was short of troop funds to the amount of $200, and that he raised the money by forging names to a note.

EXCITEMENT AMONG RUSSIAN PEASANTS

Trouble May Develop Into a General Uprising.

ARE IMBUED WITH SOCIALISM

Agitators from the Cities Are at Work Among the Farmers and the Government May Have Further Trouble American Minister Sends Report.

Moscow, Nov. 23.—The excitement among the peasants in the central and southeastern provinces is spreading rapidly and it is feared it will be impossible to suppress the movement which promises to develop into a general uprising. The revolutionists among the peasants are industriously spreading the story that the imperial reform manifesto really decreed a division of the lands but that the nobles intelligencit and Jews distorted it and took all the freedom for themselves and the peasants therefore have the right to possess themselves of the lands which the emperor granted them.

The peasant congress will assemble here tomorrow. It is largely under the domination of men from the villages who, during residence in the cities have become imbued with socialistic ideas. These men are preaching the expulsion of the landlords and the division of the estates and are advocating the refusal of the peasants to pay taxes until a constituent assembly is called. Some of the radical members of the zemstvo congress are in negotiation with the leading members of the peasant congress.

Czar to Assist Peasants.

Washington, Nov. 23.—The state department today received a cablegram from Mr. Eady, the charge d'affaires of the American embassy at St. Petersburg bringing this information:

"The imperial proclamation today states that during the year 1906 the payments on land granted to peasants will be diminished by one-half and will cease entirely on Jan. 1, 1907, the peasants to become owners of the land. Peasants who have not take up land the emperor will afford increased facilities to his peasants' bank to advance them money so that they will profit by the new arrangement.

All Eyes on Moscow.

St. Petersburg, Nov. 23.—All eyes continue to be riveted on Moscow, where the struggle in the zemstvo congress on the question of supporting Premier Witte is continuing. Some of the most powerful men in this congress are urging the necessity for rallying the moderate sentiment in support of the government but the irreconcilable radical element appears to make a split inevitable.

Should a resolution to support the premier be carried, it seems almost certain that it will be coupled with conditions. The idea of a constituent assembly seems to have been abandoned, but not the demand for universal suffrage, to which the premier is likely to yield.

The only direct proportion of thus far before the congress is Prince Dolgokoroff's plea for support of the government so long as it follows the principles of a constitutional regime. But the section under the leadership of M. Roberti insists that portfolios be given to men known to be in sympathy with the cause of freedom, universal suffrage and the immediate trial and punishment of all officials guilty of connection with the recent massacres.

Refused to address Negress "Mrs."

Montgomery, Ala., Nov. 23.—A local paper printed a story to the effect that in a store of the city a white lady clerk was discharged for refusing to write the prefix "Mrs." before the name of a negro woman who had bought some goods and ordered them sent out to her home. Dozens of people have been trying to discover the name of the merchant who did such a thing. There is a wave of indignation that has spread all over the city, and it promises to go quite hard with the proprietor who made the break.

MORGAN'S PARTNER RETURNS.

Perkins, Who Has Been In Russia on Business, Arrives Home.

New York, Nov. 23.—George W. Perkins, partner of J. Pierpont Morgan, vice president of the New York Life Insurance company, arrived here from Europe on the Kaiser Wilhelm der Grosse last night. Asked whether he had seen Judge Andrew Hamilton, wanted as a witness in the legislative insurance investigation, Mr. Perkins said:

"No sir. I did not see Mr. Hamilton. I did not go for the purpose of seeing him. I did not went to see him, and I had no instructions to see him. My visit to Europe did not concern him at all."

As to the Russian loan and financial matters in general, Mr. Perkins was exceedingly reticent. "Reports that have come from Russia are very much exaggerated," he said, and the situation is not nearly as bad as it is painted."

"Did you really have to charter a boat and pay a large amount to get away from St. Petersburg?" Mr. Perkins was asked.

"There is not a word of truth in those stories," was the reply. "I had no trouble getting out of St. Petersburg and there was no reason for any hurry."

TO DISTRIBUTE MANY MILLIONS

Rich Man Finds His Relations Who Will Be Greatly Benefited.

Jersey City, N. J., Nov. 23.—The western express on the Pennsylvania railroad, left last night carried a passenger, George Stratford, a Jersey City photographer, who gave up $83.33 a month to go to Los Angeles, Calif., on the summons, bent, it is said, on distributing a fortune of many millions among the prospective heirs before his death.

Stratford's uncle is Thomas Crichlow, an Englishman, who fifteen years ago, invented a means of saving fuel in firing locomotives and then made an immense fortune. He crossed the Atlantic eighteen times in search of a sister who was in search of him. She found him through a newspaper advertisement and told him of his two nephews, George and Edward Stratford. He invited them to visit him. George went and returned to Jersey City on Monday, resigned and is returning to his uncle.

Four Killed by Explosion.

South River, N. J., Nov. 23.—Four men were blown to pieces by an explosion at the laboratory of the International Powder and Caemical company at Parlin. They were John Pierce, Frank Spratford, John Applegate, J. W. Redpath, superintendent of the laboratory. What caused the explosion will never be known, as only the four men were in the building at the time. The building was a one-story frame structure, and because of the liability to explosions was separated from all others in the plant, except a store house, which caught fire and was burned.

Manuscript Relics Sold.

New York, Nov. 23.—A fine early Abraham Lincoln manuscript, a trace of Mr. Lincoln's career as an Illinois lawyer, was sold at auction. It is a legal document containing 67 lines in Lincoln's handwriting. It is dated May 12, 1851. It sold for $50. The pardon of Elizabeth Shorter, a quarto document, dated Washington, Nov. 5, 1864, and signed by President Lincoln, brought $25. A page letter signed, but not written by George Washington, dated May 13, 1791, and addressed to the citizens of Savanna, in response to an invitation, brought $47. The auction took place yesterday.

Loubet and Premier Rouvier and was escorted with imposing military honors to the foreign office where the royal visitor has been established. The king will remain here three days and will be entertained with state dinners, a gala performance at the opera, a military review and a hunt. The streets and public buildings are elaborately decorated.

NARROW ESCAPE OF FOUR HUNDRED GIRLS

Conflagration Destroys Female Boarding School.

HEROIC WORK OF THE FIREMEN

Only One Girl is Injured—Firemen Held Nets and Pupils Jump Into Them From Burning Building—An Overheated Furnace Cause of Fire.

Lawrence, Mass., Nov. 23.—All but one of four hundred girls attending the Parochial School of St. Ann's parish, whose lives were endangered by fire in the building today, escaped without injury, although 25 of them were caught in nets by firemen as they were dropped from a third story window by a teacher.

Rena Drouin, 12 years of age, was taken to a hospital suffering from the effects of frigat and inhalation of smoke and it is thought she will recover. All the pupils except those on the third floor, who escaped by means of the net, marched out of the building in good order when the alarm was given.

The fire was caused by an over-heated furnace.

Sister Mary, one of the teachers, and her 25 pupils, who were on the third floor, could not get down the stairs on account of the smoke. The teacher led the children to the windows beneath where the firemen had stretched a net. Under the Sister's directions the girls climbed out over the sill and one by one were assisted to drop, and were caught safely in the apparatus held by the firemen. After the last child had been cared for, Sister Mary herself reached the street by means of a ladder.

The damage to the building was slight.

France Does Not Accede.

Paris, Nov. 23.—Inquiry at the foreign office brought the statement that reports that France accedes to President Castro's request to indicate what portions of the Venezuelan note to M. Taigny, the French charge d'affaires, are offensive, is incorrect. Officials say that the president has heretofore completely been informed regarding the offensive features of the note and that, therefore, the report that France will give furtner explanations is characterized as "a bluff intended to delay and confuse the situation."

Mobile, Ala., Nov. 23.—Passenger and freight steamer Fair Hope, plying between Mobile and eastern shore resorts, was burned to the water's edge this morning while lying at the wharf. THE PUBLIC DEMANDS MORE RURAL ROUTES

Hon. A. B. Britton is Here to Investigate Conditions.

SUGGESTIONS OF MR. ARNOW

Gainesville's Postmaster Sometime Ago Notified Government That New Routes Were Necessary—Four Additional Routes Are Suggested.

Along with the general advancement of Gainesville and Alachua county is the development of the rural free mail delivery system which is proving of so much benefit to the people residing in the country in the vicinity of all towns where a free rural route has been established.

About a year ago a route was established leading from Gainesville in a westerly direction and including all families living within a certain radius of the line for a distance of nine miles. This service has proved most satisfactory to persons along this route because of the fact that they have been able to secure their mail daily without the inconveniences of a trip to the postoffice.

Hon. Azell B. Britton, superintendent of the rural department of the United States government, who is at present making his headquarters in Lake City, arrived Thursday for the purpose of investigating the various proposed additional routes from this city. He expects to go over the routes thoroughly and will no doubt recommend the establishment of one or more additional routes, as suggested by Postmaster Arnow.

In speaking of the establishment of new routes, Postmaster Arnow states that the routes, as recommended, will likely be instituted in the order named. Route No. 2 provides a trip from Gainesville to Arrendodo and Kanapaha, returning via Rocky Point, and providing for delivery to about one hundred and twenty-five families. This is the route which Mr. Britton expects to cover today and which will no doubt be established within a short time.

DR. MOSELEY DEAD.

Young Man Well Known Here Expired in Evansville, Indiana.

The Owensboro (Ky.) Enquirer of recent date has the following to say regarding the death of Dr. Aaron Moseley, who was for some time a resident of this city, and was well and favorably known here. Dr. Moseley was a nephew of W. P. Moseley and Mrs. J. S. Goode, and for several months was engaged in the practice of his profession here. Friends of the Doctor will regret very much to learn of his death, as he was a young man with a most promising future.

The Enquirer says:

"Dr. Aaron Moseley, formerly of McLean county, died Friday in Evansville, after a brief illness of typhoid fever. The remains were shipped to Calhoon Friday afternoon by boat, and were buried Saturday afternoon at 2 o'clock at the family burying ground on the old Robert Moseley place.

"Dr. Moseley was twenty-two years of age, and was one of the brightest young men that McLean county has produced. He was given a good education, and attended the American School of Osteopathy, from which he graduated last June with high honor. In August he located in Evansville and at once entered on a good practice. His future gave every evidence of being very bright when he was stricken down by the disease which caused his death. He is survived by his father and mother and several brothers and sisters."

COD LIVER OIL.

It almost makes you sick to think of it, but it isn't nearly as bad as it used to be. The improved method of refining it makes it much easier to take, and when made into Scott's Emulsion almost every one can take it. Most children like it and all children that are not robust are benefited by it. When the doctor says "Take cod liver oil," he generally means Scott's Emulsion; ask him if he doesn't. They know it is more easily digested and better than the plain oil.

Thos. Conradson Loses Barn, Horses, Grain, Etc., by Fire Sunday Night.

Thomas Conradson, who resides near Paradise, about four miles to the northward of Gainesville, was the victim Sunday night of a most disastrous fire, which cost him several hundred dollars.

The fire originated in the barn, and was not discovered until well under way, and it was impossible to extinguish the flames, notwithstanding that neighbors came to the scene and worked heroically.

It is understood that the loss amounted to the barn, which was a substantial structure, two horses, four hundred bushels of corn, several tons of hay, thirty-two head of fine turkeys, together with a quantity of farm implements. There was no insurance. The origin of the fire was not learned.

ROYAL TONIC

Beats Anything We Ever Sold as a Strength-Creator and Body-Builder.

Our well-known druggist, Mr. W. M. Johnson, is very enthusiastic over the delicious cod liver oil preparation, which contains no oil. In referring to the matter, said Mr. Johnson: "We sell many tonics and we handle all kinds of remedies that claim to be invigorators and strength-creators. We do this because we are druggists and it is our business to supply the public with what they want.

"When our advice is asked, however, in regard to a tonic, body-builder or strength-creator, we invariably recommend Vinol, as we know of nothing that can compare with it.

"In Vinol modern science has given us all of the tonic, body-building and curative properties of that famous old remedy, cod liver oil, actually taken from fresh cods' livers without a drop of the obnoxious and system-clogging grease which characterizes old-fashioned cod liver oil and emulsions and which has proved such a drawback.

"Vinol is not a patent medicine, as the label on each bottle tells everything it contains, therefore you know exactly what you are taking.

"In the most natural manner it tones up the digestive organs, creates a hearty appetite, makes rich, red blood and strengthens every organ in the body to do its work as nature intended.

"Our faith in Vinol is so strong that we gladly offer to refund the money in every case where it fails to give satisfaction." W. M. Johnson, Druggist.

AN ELEGANT REPAST.

Judge Syd L. Carter Entertains a Number of Friends.

One of the most elegant suppers ever served in Florida was that to which the guests of Judge Syd L. Carter sat down at his home in East Gainesville Thursday night, tendered Judge Wills, the Gainesville bar, visiting attorneys and a few laymen. Upon entering the dining-room the guests beheld two long tables laden with eatables fit for the gods—'possum, turkey, chicken, etc. The supper was served in courses, oysters preceding the regular supper. Before taking their seats the guests were treated to a brief history of the 'possum by Judge Carlisle, after which ample justice was done the elegant repast. Dr. J. F. McKinstry, Jr., and Col Evans Haile "carved dat 'possum" in good style, and the eagerness with which the favorite dish was devoured gave evidence that it had been prepared in true Southern style. Judge Carlisle said he had eat at least a million 'possums in his life-time, but this was "the best ever." After all the other guests had been satisfied Judge Carlisle stated that he was preparing a motion for a "continuance" of his case, whereupon Judge Wills announced that the court granted the motion without argument.

After supper cigars were passed, and the guests bade their host good-night, wishing him "many returns of the evening."

Circuit Court.

There was little doing in circuit court yesterday, Sheriff Fennell being unable to make return of the special venire of talesmen in the Holloway case, owing to the distance his deputies had to travel to reach some of them, and the case was adjourned until 8:30 this morning.

The grand jurors came into court at 3 o'clock, made their final presentment, and were discharged.

A Birthday Supper.

In honor of the birthday of his daughter, Mrs. R. T. Schafer, C. D. Schafer gave a birthday supper Tuesday evening. There were plenty of good things to eat, temptingly prepared, and the occasion was thoroughly enjoyed. Being of a private nature only members of the families of Messrs. C. D. and R. T. Schafer were present.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid of Harmony, Me. "For the past five years, however, on the slightest sign of a cough or cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and $1.00; guaranteed at all drug stores. Trial bottles free.

MR. HORTON'S EXPERIENCE.

Drove His Team Into a Mysterious Well in Levy County.

A peculiar experience is related of Thomas Horton, a farmer who owns and conducts a farm near Albion, in Levy county.

A. O. Steenburg, the veracity (?) of whom has never been doubted, states that a few days ago Mr. Horton was driving a team on his farm. The wagon was loaded with corn. Mr. Horton, owing to the heavy load, was walking beside the wagon, which probably saved his life, as the horse plunged suddenly into a mysterious well, pulling the wagon after him, and was precipitated for a depth of about sixty-five feet. As a natural consequence the animal was killed, its neck being broken, and the wagon was a complete wreck.

Several of these wells have been reported in Alachua county from time to time, but this is the first instance where one has been discovered in Levy county. It appeurs to be a peculiar formation of earth which forms a crust, with the result that any concussion or other disturbance will cause the crust to give way.

It will be remembered that a well recently sank in Alachua, an account of which appeared in The Sun. This well attracted considerable attention, owing to its great depth, and people came for several miles to the scene. The Levy county experience was of the same order.

BIG FIRE NEAR TRENTON.

Commissary at Wade & Bell's Camp Burned to Ground Wednesday.

Information reached this city Thursday of a disastrous fire which occurred at the commissary of Wade & Bell, contractors, Trenton, Wednesday night. The loss aggregated about $1,800 in general merchandise, and it is understood that there was no insurance. The origin of the fire is unknown.

The information was brought to this city by Deputy Sheriff G. W. Livingston, who was summoned to the West End on official business. He could not give much definite information in regard to the fire, but stated that the managers could not positively determine the cause of the same.

Smith-Reece.

There was a wedding at Micanopy at noon Wednesday, the contracting parties being Mr. Calvert Smith of Jacksonville and Miss Marguerite Reece, the charming daughter of Dr. R. L. Reece of Tacoma.

The ceremony was performed in the Baptist church by Rev. E. W. Way, formerly pastor of the Presbyterian church of this city, but now of Dalton, Ga. It was a quiet affair, only the members of the family and a few intimate friends being present.

Immediately after the ceremony the happy couple took the train for Tampa, and after a short visit to the State Fair will proceed to Jacksonville, where they will make their future home.

Mr. Smith, who is originally from Tacoma, is a cartoonist, and holds a responsible position with The Times-Union.

Friends of the happy couple extend congratulations and wish them a long life of undisturbed connubial bliss.

Women in Our Hospitals

Appalling Increase in the Number of Operations Performed Each Year—How Women May Avoid Them.

Going through the hospitals in our large cities one is surprised to find such a large proportion of the patients lying on those snow-white beds women and girls, who are either awaiting or recovering from serious operations.

Why should this be the case? Simply because they have neglected themselves. Ovarian and womb troubles are certainly on the increase among the women of this country—they creep upon them unawares, but every one of those patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhœa, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded, the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from surgical operations

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulency), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, they should remember there is one tried and true remedy.

The following letters cannot fail to bring hope to despairing women.

Mrs. Fred Seydel, 412 N. 54th Street, West Philadelphia, Pa., writes:

Dear Mrs. Pinkham:—

"I was in a very serious condition when I wrote to you for advice. I had a serious womb and ovarian trouble and I could not carry a child to maturity, and was advised that an operation was my only hope of recovery. I could not bear to think of going to the hospital, so wrote you for advice. I did as you instructed me and took Lydia E. Pinkham's Vegetable Compound; and I am not only a well woman to-day, but have a beautiful baby girl six months old. I advise all sick and suffering women to write you for advice, as you have done so much for me."

Miss Ruby Mushrush, of East Chicago, Ind., writes:

Dear Mrs. Pinkham:—

"I have been a great sufferer with irregular menstruation and ovarian trouble, and about three months ago the doctor, after using the X Ray on me, said I had an abcess on the ovaries and would have to have an operation. My mother wanted me to try Lydia E. Pinkham's Vegetable Compound as a last resort, and it not only saved me from an operation but made me entirely well."

Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Mrs. Pinkham invites all sick women to write her for advice. Her advice and medicine have restored thousands to health. Address, Lynn, Mass.

JUSTICE COLMAN'S COURT.

Walter Morris Arraigned for Accessory Before the Fact.

For the first time in several days the mills were set to grinding in Justice Colman's court, when Walter Morris, colored, who was arrested by Deputy Sheriff Storey of Windsor, was arraigned upon a charge of accessory before the fact. The defendant waived examination and gave bond in the sum of $200 for his appearance before the grand jury.

From the court it was learned that the assault was alleged to have been made by one Jack Starke at Campville on the evening of July 4, at Campville, and that Morris assisted in the assault. A true bill has been secured against Starke, so Justice Colman says.

Attorney Evans Haile is representing Morris.

While Governor Broward is spending the money of the State on that great venture of draining the Everglades in order to give us more land, it might be a pretty good idea to spend just a little of the State funds to locate good settlers on the many hundreds of thousands of unclaimed lands already available. Would it not be a pretty good idea to look at it in this way?—Live Oak Democrat.

The people of Florida have not suffered any great losses from weather conditions this season, while in Texas and Oklahoma they have had cyclones, thunder storms and many disturbances to destroy property. When looking around for a place to locate these facts are worth consideration.

Down in Massachusetts a woman has been taking up a collection among her friends for the purpose of raising money enough to secure a divorce. If the man in the case doesn't feel cheap we may be safe in concluding that the lady deserves freedom.

ALACHUA COUNTY.

People from Alachua county who visit the State Fair at Tampa will have no reason to be the least bit ashamed of the county's display at the exhibition. In many things we can compare with the best in the State, and the farming interests of the county have a creditable showing.

We are pleased to know that the county commissioners did so well to bring this section before the people of the State and those from other States who will be there to see what the resources of Florida are, and the County Fair Association is also entitled to much credit for the work done by its members.

While the manufactories of the county are not what they could be with a little effort, the city of Gainesville, through the enterprise of one of her citizens, has the only buggy on exhibition made in Florida. By another year it is hoped that we can make a better showing and present to the people the best in other lines.

But as Gainesville has of late devoted much of her energies to educational matters, we are proud to know that the school exhibit is one of the best ever shown at any fair, and while the entire county board is entitled to due credit for the interest manifested, Superintendent Kelley is the one who has devoted his time and much of his own means to place our schools before the public in such an excellent manner, and those who are interested in the methods employed can see at once that the school system of Alachua county is up to and a lap ahead of nearly all in the State.

We shall have the pleasure, when honors are conferred, of recording the fact that Alachua stands in her old place—at the head of the counties of Florida in whatever she undertakes.

BALLOT FRAUDS.

It looks now as though there would not be enough frauds or irregularities in the municipal election in New York brought out to change the announced result, unless the ballot boxes are opened and another count had, and there is nothing to justify a statement that irregularities and frauds would be found in the boxes. There is no doubt that there was a great deal of illegal registration and that many votes were cast by those having no right to cast them. The man Krup, who was arrested and who jumped his cash bail of $5,000, is doubtless one of many who did much of the illegal voting. The New York World says it has made a very thorough investigation and found that there is no ground for the charge that there was illegal tampering with the ballots after the closing of the polls. That being the case it is probable that a recount would not change the result.

The opinion seems to be growing stronger that a plurality of the ballots in the boxes were cast for Mr. McClellan. It is probable therefore that Mr. Hearst will keep up his hunt for frauds and irregularities more for the purpose of bringing to justice those implicated in frauds upon the ballot box than with any hope of being declared the rightfully elected mayor. As far as his future political prospects are concerned it is probable that it would be better for him to be in a position to claim that he was counted out than to be counted in.

The Fort Pierce News is bound that section will be brought before the people, and a very handsome State Fair edition was issued for distribution during the exhibition.

THE A. C. L.'S NEW PRESIDENT.

The election of Mr. T. M. Emerson to be president of the Atlantic Coast Line in succession to Mr. R. G. Erwin, resigned, will be received with general satisfaction by those interested directly and indirectly in the affairs of the system, says The Savannah News.

Mr. Emerson is known as one of the most competent railroad men in the country and has practically grown up with the great system of which he is now the head. When he entered the service of the corporation in an insignificant capacity the company was relatively a small affair; now it has become one of the big railroad systems of the country and to this development Mr. Emerson has contributed no small part in the various positions he has held with the management. It is safe to predict that the Atlantic Coast Line will go on to even greater things under Mr. Emerson's presidency. The retiring president, Mr. Erwin, will carry with him the esteem and kind regards of all his railroad and business associates. It is largely due to Mr. Erwin's genius and executive ability that the Coast Line occupies its present high position among American railroad organizations.

AMAZING IGNORANCE.

The president of the Mutual Life Insurance Company is ignorant of the details of the business of the great company over which he presides. He gave this testimony time and again on the witness stand. He is even ignorant of the principles on which the business is based. Yet he receives the colossal salary of $150,000 for administering the affairs of that company. Either Mr. McCurdy is drawing a salary altogether out of proportion to his efficiency, or he is one of the most accomplished actors of the day. If he is not ignorant and chooses to publicly declare that he is, there must be purpose back of his declaration. And it is a fair presumption that such purpose is the concealment of that in the Mutual Life administration which is even worse than confessed ignorance of its presiding officer.

In the findings of the grand jury of St. Johns county was the presentment of a strong recommendation for a new court house. It will probably be carried over to the next term.

Millions of the world's best people use Cuticura Soap, assisted by Cuticura Ointment, the great skin cure, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and chafings, for annoying irritations, or too free or offensive perspiration, for ulcerative weaknesses, and many sanative, antiseptic purposes which readily suggest themselves to women, especially mothers, as well as for all the purposes of the toilet, bath, and nursery.

Can't Arrest Men Without Warrant.

Rome, Ga., Nov. 23—The first case under the new decision of the supreme court touching arrests without warrants by municipal officers, took place in Rome today. Early this morning Officer A. R. Watkins arrested Geo. Priest, a white man, whom he knew there was a warrant for in Cartersville, charging him with a serious offense. He lodged his prisoner in the guard house and notified the officials in Cartersville who said they would come for him at once. In the meantime the chief of police was informed of the new law and upon the advice of his attorney released Priest because he had no warrant to hold him. Priest skipped out immediately for Alabama. The officers here say the new law handicaps the ends of justice.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive, as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

Try to Enter White School.

Asheville, N. C., Nov. 23.—The case of the six daughters of Robert Gilliland against the board of education of Buncomb county came up for trial in the superior court here today. The case is a novel one, the plaintiffs seeking to secure a mandamus compelling the defendant to admit them to the white schools of the county. They claim to be white children, but the board in excluding them held that they had negro blood in their veins and are not entitled to seats in the white schools. The people of the county are intensely interested over the case, and a number of the leading lawyers of western North Carolina have been retained in the case.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

MURDERER COMMITS SUICIDE.

Philadelphia Man Shoots Father-In-Law and Kills Self.

Philadelphia, Nov. 23.—Lying on his couch at his home in West Philadelphia, helpless from paralysis, David F. Rowe, an elderly man, was shot four times by Casper Cooper, his son-in-law, who then fled from the house and killed himself by sending a bullet through his head. The father-in-law's wounds are so serious that he had to be removed to a hospital. It is believed he will recover.

Cooper had been married to Rowe's daughter about three years, but the wife left him about eight months ago because of ill treatment. Today the husband returned to his father-in-law's house and asked to see his wife. Mr. Rowe said she was out earning her living. The father-in-law reproached the son-in-law for ill treating his daughter, and a quarrel followed, which ended by Cooper shooting his wife's father while he lay on the couch.

Refuses to Sanction Plural Marriages.

El Paso, Tex., Nov. 23.—The arrest here of E. H. Conger and Pearl Gurrin, of Utah, brings out the fact that President Smith, of the Mormon church, absolutely refuses to sanction plural marriages. Conger declares that he fell in love with Miss Gurrin in Utah, and although married, his wife agreed he could also marry Miss Gurrin. Being refused a license in Utah, he went to the Mormon colonies in Mexico, expecting to marry there, send for his first wife and make a home there with both. He says President Smith was visiting the colony and flatly refused to permit the marriage and the couple started back home, and, arriving here, were arrested. Conger being charged with abduction of the girl. Conger says both have been expelled from the church by President Smith.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

Terminal in Heart of Gotham.

New York, Nov. 23.—The New York and New Jersey railroad company which has built two tunnel tubes under the North river from Jersey City to Morton street, is to have a big terminal station opposite Greeley square at Thirty-third street and Broadway. Its terminal site will comprise the block front on the west side of Broadway from Thirty-second to Thirty-third streets with a frontage of 400 feet on both Thirty-second and Thirty-third streets. Millions will be spent in building the terminal. Condemnation proceedings to acquire the property required were instituted yesterday.

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

Candlelight.

In domestic lighting for nearly the first half of the last century candles held undisputed sway. The bell is rung, and Mary brings in candles, a pair of molds in tall brass candlesticks brightly polished, with snuffers on a tray—a sharp beaked snuffers of steel, with jaws that opened and shut with a snap and something sinister in their appearance.

There were plated candlesticks and snuffers, too, for occasions of state, with silver branches that suggested the spoils of Jerusalem, but there was also a lamp, a stately edifice of bronze that towered over the family circle at times and shed a generous and genial light when so inclined. But what a demon it was to smoke and to smell! And it would burn, when it condescended to burn at all, nothing but the very finest sperm oil at a fabulous price per gallon.—London Chronicle.

The Capital.

It is not generally known, says the Philadelphia Record, but it is a fact of history nevertheless that Bristol township, lying on the east side of Germantown, had a very narrow escape from being selected as the site of the capital of the United States. It was a very small matter that turned the choice toward Maryland and Virginia. So positive were some members of congress that the capital was going to be located near Germantown that they purchased real estate there, not, of course, as a matter of speculation, but simply to be near at hand when the removal from Philadelphia to Bristol took place. When the vote of the commissioners was taken there was a tie, four being for Bristol and four for the District of Columbia. Washington cast the deciding vote, and Bristol township was left out in the cold.

Constipation.

Health is absolutely impossible if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M., Bronson, Fla., writes, Feb. 12, 1902: "Having used Herbine, I find it a fine medicine for constipation." 50c a bottle. Sold by W. M. Johnson.

Lamb's Quaint Humor.

Charles Lamb once said that he hated a certain man.

"Do you know him?" Lamb was asked.

"No," he answered.

"Let me introduce you to him," said Lamb's friend.

"No," responded Lamb humorously, "for if I shall know him I am sure I shall stop hating him."—Philadelphia North American.

Havana, Nov. 23.—As a result of the investigation into the discovery by the secret police Saturday last of a quantity of arms, ammunition and accoutrements in the suburb of Cerro, a warrant was issued for the arrest of Dr. Julian Betancourt, a liberal congressman from the province of Pinar Del Rio. He has not yet been arrested. Reports from various rural districts say that many groups of liberals are talking defiantly against the government.

St. Johns, N. F., Nov. 23.—Letters today from Dillon Wallace, the Labrador explorer and New York lawyer, contained the news that he had successfully crossed Labrador. Mr. Wallace is the first white man who had ever crossed Labrador without either guides or Indian assistants. With Mr. Wallace was one companion, named Easton. The letters said that both were well and had plenty of provisions which reached the province of Ungava, on Oct. 16.

Fairbanks' Washington Home.

Washington, Nov. 23.—Vice President Fairbanks is to occupy during the present season the residence of Representative Morrell, of Philadelphia, at the northwest corner of Seventeeth and K streets opposite Farragut square. Syrian Manuscripts Acquired.

Cambridge, Mass., Nov. 22—The Semetic museum has acquired a collection of about 125 Syrian manuscripts, some of them old manuscripts or parchment and vellum. These manuscripts are said to date back to the twelfth century or earlier. The collection was made by Professor J. Rendel-Harris, of England, one of the former scholars in Syriac studies.

Schooner Goes Ashore.

Fernandina, Fla., Nov. 23.—Schooner Pasadena, Duckworth, master, bound from New York to Fernandina, during a heavy gale last night parted her cable and drifted on to the north end of the jetty, wrecking the vessel. No loss of lives is reported. The crew was taken off by the pilot boat. The vessel is a total loss.

Big Fire in Indianapolis.

Indianapolis, Nov. 22.—Fire broke out today in the six-story building occupied by the Badger Furniture company. The building was on Washington street in the center of the retail district. The entire fire department was summoned.

Chinese Proposals Expected.

Pekin, Nov. 23.—The Chinese reply to the Japanese official says that he expected the conference would be short, as the Japanese proposals do not contain anything of a startling nature or likely to cause any difficulty but the exast nature of them has not been disclosed.

French Origin of "Save the King."

The British national anthem is of French origin. The Petite Republique asserts that the words of "God Save the King" are a literal translation of a hymn in honor of Louis XIV., chanted by the young girls in residence at the convent of St. Cyr.

The French words of this hymn were:

Grand Dieu, sauvez le roi!
Grand Dieu, vengez le roi!
Vive le roi!
Que, toujours glorieux,
Louis victorieux.
Voie ses ennemis.
Toujours soumis.

The music of this chant was copied during his visit to France by Handel, who on his return to England dedicated it to George I.

It Looked Easy to Him.

Little Nathan had been taken to his father's office, where, it appears, he was considerably impressed. Afterward at home he made known his intentions concerning the future.

"When I get to be a man," he said, "I'm going to make lots of money, like papa does."

His parents gave him to understand that they approved of his ambition, after which Nathan indulged for some time in serious thought. At last he turned to his father, asking:

"Papa, is sitting in a chair that turns around all you have to do to make money?"—Chicago Record-Herald.

BITS FROM THE WRITERS.

There is nothing in life worth making a secret of—except one's income.—Seton Merriman.

Civilization means universal civility, and to be civil to everybody argues a great power of telling lies.—Eden Phillpotts.

How exquisite in life is the art of not seeing many things and of forgetting many that have been seen!—James Lane Allen.

Truisms, whether they lie in the depths of thought or on the surface, are at any rate the pearls of experience.—George Meredith.

Have you never observed that if you conscientiously neglect to do your work it somehow manages to get done without you?—Henry Harland.

Relations, as somebody said, are disagreeable acquaintances inflicted upon us by Providence. But it is no use losing one's temper about what they say. It only pleases them.—Richard Bagot.

Best Liniment on Earth.

Henry D. Baldwin, Superintendent City Waterworks, Shullsburg, Wis., writes: "I have tried many kinds of liniments, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and $1. Sold by W. W. Johnson.

Chewing Gum For Nosebleed.

A celebrated physician has claimed in one of his lectures that the "best remedy" for nose bleed is a vigorous motion of the jaws as in the act of chewing. In the case of a child he recommends giving a wad of paper to chew, as the rapid working of the jaws stops the flow of blood. But why not try chewing gum instead of paper?—Western Medical Review.

Contrary.

Little Clarence (a youthful Solomon)—Papa, nobody can never tell what a woman will do next, can they? Father—No, my son; and if you could tell it would not be advisable for you to do so, for if you did she would be sure to do something else.

A Matter of Taste.

"What," says an inquisitive young lady, "is the most popular color for a bride?"

We may be a little particular in these matters, but we should prefer a white one.

Early and provident fear is the mother of safety.—Burke.

"I Thank the Lord!"

Cried Hannah Plant of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at all drug stores; 25c.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

FRIVOLITY IN ENGLAND.

A Claim That It Is What Really Keeps the Nation Sane.

Which is worse—to be too serious or too frivolous? I have no doubt about the matter myself, so far as individuals are concerned, though all extremists are bores. The perpetually lively, feather brained, pleasure crazed creature is almost, if not quite, as irritating as the deadly serious individual. But, apropos of the accusation recently lodged against us that as a nation we are becoming too frivolous, one cannot help saying that we are a great deal livelier than we were a few years ago, and for this relief assuredly we have cause to be thankful.

In consequence we are accused of having become too frivolous. It seems to me that we have just got matters nicely balanced. This is an age when we are prepared to be cranks on the slightest provocation. People crave for missions, they wallow in philanthropy, they pounce with avidity on new religions, they will plunge into politics or write attacks on women, society, the degeneracy of the age, or anything else that gives them an opportunity of airing what they call their views. So surely, if desipere in loco were not occasionally to be permitted to us, it is fearful to think what we should become. Our frivolity is the antidote to the twentieth century disposition toward crankiness. It really keeps us sane.—London World.

THE HOODED COBRA.

It Is Venerated In India as the One Sacred Serpent.

Of all the snakes of India the naga, nag or hooded serpent, commonly known as the cobra, alone is sacred. It is called the good snake, and is considered a protector and harbinger of success. The veneration of the cobra is intimately connected with the worship of the sun, and is thus closely related to the orthodox Hindoo religion. According to the Mahabharata, the heaven over which India ruled was mainly tenanted by Devas and Nagas, the former being deified heroes of the Aryas and the latter those of the Naga people on earth.

Although wars continued for a long time to be frequent between rival chiefs of the invaders (Aryas) and the invaded (Nagas), a gradual fusion between the two peoples took place, and heaven was shared equally by Devas and Nagas. The serpent gods are worshiped now, as they were then, not as dangerous reptiles, nor as mere symbols, but as the deified rulers of an ancient people, whose tribal, or, rather, perhaps, racial, emblem was the naga, or hooded serpent, and whose chief deity was the sun; hence the Naga temples are not dedicated to the serpent, but to the Naga rajahs, the ancient rulers of the race.

SOCIAL SPONGING.

The Extent to Which It Is Carried In London.

There is probably no city in the world where there is so much social sponging done as in London. At their big functions hosts and hostesses have frequently not the remotest acquaintance with many of the people who attend them and whose cheek is only exceeded by their voracity. "I have one particular case in memory," says a writer in the Boston Herald, "where a woman brought fifty of her friends. It was at the house of a millionaire, the Hon. Glin Vivian, in Eaton square. On the same occasion nearly every one else brought herself, her family and all her friends. It was a never to be forgotten gathering. Many people never succeeded in getting beyond the hall door. An excellent supper had been provided for about three or four hundred, but there must have been a thousand present. About 1 a. m. people were sitting about in the bedrooms eating sandwiches and drinking claret or champagne—in fact, anything they could grab from the supper table—and the story went that they got so hungry and riotous that they invaded the wine cellar and the larder."

Rushing the Business.

The following story is told of a one time Pennsylvania legislature:

The session was about to expire. In accordance with the usual custom, the chair was occupied by a rapid worker, who was deaf to objections and blind to objectors. His name was Alexander McClure. Under his able management the bills were going through at a lightning express rate when one measure was reached that was particularly obnoxious to a noisy minority. Utterly oblivious to the demonstration, Mr. McClure declared that the bill had passed. Over in one corner of the legislative chamber one member was especially vociferous. He would not be quieted, and Mr. McClure was finally compelled to notice him for the sake of peace.

"For what purpose does the gentleman rise?" asked the chair.

"I want to offer an amendment to the bill," was the reply.

"Too late," said Mr. McClure, without a smile. "Offer it to the next bill. The clerk will read."

A Woman Never Does.

A loafer on the street, whose wife was probably at home getting out a neighbor's washing to make money to buy the children's shoes, asked a busy man the other day if he ever saw a baldheaded woman.

"No, I never did," replied the busy man. "And I never saw a woman waltzing around town in her shirt sleeves with a cigar in her teeth and running into every saloon she saw. Neither did I ever see a woman sitting all day at a street corner on a dry goods box telling people how the secretary of the treasury should run the national finances. I have never seen a woman go fishing with a bottle in her pocket, sit on the bank all day and go home drunk at night. Nor have I ever seen a woman yank off her coat and say she could lick any man in town. God bless 'em, the women are not built that way."—Kansas City Journal.

The Game of Whist.

Whist is thought to be of English origin and a development of the game trump, or triumph, which was played in England in the time of Henry VIII. Whist was not mentioned by Shakespeare or the writers of his day. Its earliest record is in the poems of Taylor, the water poet (1621). It is spoken of in the second edition (1680) of Cotton's "Compleat Gamester" as "the game of whist, so called from the silence that is to be observed in the play," but as whisk seems to have been its original name, according to some authorities, this derivation is not assured. The game was at first nine up. This was changed to ten up early in the eighteenth century, and in 1864 the experiment of dividing the game into half, which was first tried as early as 1785, was generally adopted by the clubs.

Buried Alive.

In the early history of Japan it was decidedly a dubious honor to be closely related to any person of note, for one of the laws at that time decreed that when a person of rank or importance died all the immediate relatives must be buried alive in a perpendicular position around the personage's grave. Their heads were left above the earth, and thus they remained until welcome death came to free them.

Unless you bear with the faults of a friend, you betray your own.—Syrus.

Bread
Legal *and* Illegal

The Royal Baking Powder is a pure, grape cream of tartar powder. Its greater healthfulness and absolute superiority over other powders are shown by the United States Government official tests, and are so universally recognized that its use is approved and encouraged by health officers at home and abroad.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Guard your food against the alum baking powders.

Alum baking powders are considered so injurious to health, and their promiscuous sale a source of such danger, that their use is universally condemned by physicians and health officers. In many States the law requires that they shall be branded to warn consumers that they contain alum.

In the District of Columbia, under the laws of Congress, the use of alum in bread, biscuit, cake and other food is a misdemeanor.

Alum baking powders may be known by their price., Powders sold from ten to twenty-five cents a pound, or twenty-five ounces for twenty-five cents, are not made of cream of tartar.
